ACCIDENTALLY SHOT.

Mr. W. A. Gresham, of this city, who has been engaged at work at Scottsburg, on the Eschmond and Danville railroad, for some time, was brought home to-day in the care of friends with a painful pistol-shot wound in his right thigh. It appears that he bad an altercation with Mr. John Tuck, between whom there had been some disagreement, and in attempting to use his pistol it was ace dentally discharged, the ball taking effect n the thigh near the body and lodging near

THE WATER OF LOCKBRIDGE

ALUM SPRINGS.

READ A FEW SELECTED FROM MANY OPINIONS OF PROMINENT MEDICAL MEN.

DR. CARTWRIGHT.—"In truth I know of no waters in hurope or america so rich in medical substances as that of the Rockbridge Springs."

DR. CABELL.—"It is indeed admitted that a more or les considerable proportion of cases of inveterate chronic diseases for which tellef is sought by the use of that water derive no permanent benefits from it, but it is undeniable that an unusually large proportion of grave and obstinate cases, which buffle the ordinary resources of the healing art, are annually cured at your springs."

proportion of grave and obstinate cases, which baffle the ordinary resources of the healit gart, are annually cured at your springs."

DR. Thomas.—"I would state that I regard it as one of the most efficient astringent and tonic mineral waters which I have ever employed."

DR. EMMET.—"I know of no mineral water so efficacions." \* \* \* "I have used both the water and orled preparation, or saits, in private practice, and in the woman Hospital, for several years, to my great sait-faction."

DR. MADDEN.—"The investigation I have given the watering-places in this and other countries leads me to the conclusion that nome have claims superior to the Rockoridge Alum Springs, Va."

DR. MOORMAN (author of the well-known work on the Virginia Springs).—"It is a matter of no little importance that the public should be fully apprised of the remarkable influence exerted by the Rockbridge Alum Waters, in strumous diseases especially. They have long stood as a reproach to our profession, and never but in these waters has a remedy been found that deserves the name of a specific for their cure."

hev. James W. Alexander, D. D., New York. "These waters are not a nostrum. Fverybody sees and knows all about them. They are not a quack medicine. The regular faculty exhibit them with due guards and cautions."
